An easy and very short walk gets you to one of only America's only true Japanese gardens and tea houses. Ojibway Island offers solitude and nature. Look for egrets and eagles. Just down the block is a wonderful Children's Zoo.

It's a 10 minute walk over the bridge to restaurants and quaint shops in the Old Town business district. A 20 minute drive gets you to historic Frankenmuth and Saginaw Valley State University's Marshall Fredrick's Sculpture Gallery (You truly will be amazed by the Sculpture Gallery)
